3rd place in PHV (Police Dog Club) Rheine-Schotthock with 287 points (90-99-98)

WORKING CHAMPION IN AUSTRALIA AND GERMANY

FROZEN SEMEN AVAILABLE

The pick male out of his fully imported litter, Hassan is a large, correctly built, athletic male with exceptional working drives, enormous prey and defence drives and a very high trainability.

A powerful working type with a fierce fighting spirit, lightning fast strikes and a full, firm, calm grip.

One of three privately-owned Malinois with preferred stud dog status in the Australian Defence Force's Military Working Dog Program

All his Australian titles before 3 years of age!

MALINOIS DOG

KASPER AIRPORT HANNOVER (Germany)

VPG3, IPO3, DMC Körung, WP 100 pts. at 14 months of age!

Our intensive search to find a Malinois male with a proven genetic capability, able to secure our world class Malinois breeding program, led us to **Kasper Airport Hannover**. Many thanks to Herr Peter Engel of the famous German Malinois kennel "von Löwenfels" for personally recommending Kasper, describing him as: "a male you only come across every five years!"

Congratulations to Frau Anke Höpken for having bred such an exceptional male, and most importantly, a big thank you to Frau Erika Hinte, Kasper's wonderful owner and handler, for allowing us to access his semen for use in Australia.

Highest awards & trial scores: 100-96-100=296 pts.
 DVG Westfalen State Champion (*2007 Landesmeister)
 DVG 2008 Kreismeister
 DVG Westfalen State Champion (*2009 Landesmeister)

NB: In 2010 Nordenstamm Hassan won this highly coveted DVG trophy (See Nordenstamm Hassan.)

Excerpts from his DMC Körung (Breed Survey):

"A typical representative of his breed with harmonious proportions."
 "Reacts immediately and convincingly with active aggression and hardness to threats & intimidation."
 "Convincing sharpness. Excellent defensive drives and fighting spirit; highly robust."
 "The grip is lightning fast, full and firm, and very effective in every situation".

MALINOIS DOG

Zico v.d. Berlex Hoeve, SchH 3
 (Imp. Belgium) SchH3, IPO3, FH2

“There are exceptional dogs, and then there is Zico.” (RAAF Military Working Dog Tester.)

Photo above: Jens & Zico doing a 99 point FH 2 track under SV Judge and World Champion Hauro Masuda.

Zico is the most highly credentialed Malinois male ever to be imported into Australia. He is a very serious dog, with excellent, proven working drives, and possesses an unusually robust and self-confident disposition. He is one of only three Malinois in Australia to have passed the RAAF test for use as a stud dog for producing Military Working Dogs (MWD). (One of the remaining two being Nordenstamm Hassan SchH 3.) The consequent excellent results from several RAAF litters have prompted the Defence Forces to purchase frozen semen from Zico, to enable them to utilise his many impressive strengths as a stud dog in their program for the years to come. The RAAF Breeding Cell state they can use Zico over any bitches because he produces excellent progeny with any bitch.

Bred in the purple, Zico is considered one of the very best sons of the legendary **Turcodos v.d. Duvetorre** IPO3. During the World Championship for Malinois in Homburg, the Trial Helpers awarded a trophy to the dog they considered the best one at the event. The winner was Turcodos - the sire of Zico! Turcodos is also the sire of the 2007 FMBB World Champion, Qenny Ot Vitosha IPO3.

Zico's dam, **Sanka v.d. Berlex-Hoeve**, IPO3, was herself a five-time contender at the World Championships, and to top it off, Sanka is also a daughter of another famous FCI World Champion, Lex!

Zico has the very best. phenotype and genotype - true to his world famous ancestors such as Turcodos, Stoned, Elgos, Sanka and Lex (do a Google search for further information on these dogs) - and he consistently produces that Type!

At only three years of age, Zico placed 3rd at the FCI World Championship with the same impressive scores of 291 points as the two highest placed dogs. As rising young star he continued to impress by placing 3rd at the Belgium Malinois Championship, followed by 2nd place at the Belgium Open Championship - once again equalling the winner in points!

One of Germany's foremost working dog experts, Jurgen Rixen, heaped the highest praise on Zico in his report on the protection work from the FCI World Championship, in an article in Germany's leading working dog magazine, "Der Gebrauchshund". Other leading judges, helpers, sport dog fans, and the numerous breeders who have used him in several countries, have also consistently praised this marvellous male for his many outstanding qualities.

Reputable Malinois breeders who've experienced Zico's excellent progeny in Europe, Scandinavia and USA first-hand, have followed up on his enormous value as a stud dog by purchasing Zico's frozen semen and closely related puppies. The result of his first internationally conceived AI litter was 14 puppies! Whelped at the well-known Danish Malinois Kennel, Daneskjold.

The consistency of Zico's valuable genetic background is further underlined by the fact that five out of his six siblings have also proved their outstanding qualities by passing their SchH3/IPO3 tests with top scores. His Australian born progeny have won conformation awards and High in Trial honours as well as being certified as Military Working Dogs, Security and Correctional Service dogs.

For further information &/or CD on Zico please contact us.
